To whom it may concern:

I have enjoyed a great working relationship with Ward General Contractors for over six years while employed with Americasmart LLC as a Construction Project Manager. Ward General Contractors has constructed and managed various size and dollar amount interior construction projects throughout the four buildings of Americasmart Campus. Many projects were design build and Ward developed functional, attractive solutions that met our design criteria as well as our schedule and budget. We will continue to work with Ward General Contractors on future capital improvement projects as they arise.

If you have any questions, please feel free to call me directly at (404) 220-2882.

Sincerely,

A handwritten signature in cursive script that reads "Terre Wynne".
